

BIG FLOUR RESERVE IN TWENTY CITIES FOR AN EMERGENCY

Emergency reserves of flour totaling 500,000 barrels are piled in more than twenty cities throughout the United States for use in case of bread famine, it was learned at the Food Administration today.

These stores, equivalent to 2,500,000 bushels of wheat, have been held by the Food Administration at great industrial centers since early last winter. With the present flour and wheat stocks practically exhausted, it is possible that these reserves will have to be drawn upon. They constitute a two-week supply for the centers in which they are stored.

Industrial centers where the populations would be most helpless in case of bread famine were selected as reserve centers. They include Boston, Memphis, Dallas, Birmingham, Detroit, Chicago, Cincinnati, Philadelphia, Baltimore, Washington, Buffalo, Springfield, Mass.; New Haven, Charleston, S. C., Scranton and Indianapolis.

U. S. MUST SEND ARMY TO EAST FRONT—TAFT

WILMINGTON, June 11.—"We must establish an eastern front by going into Russia," declared former President William Howard Taft yesterday at Delaware College, in a patriotic address delivered at the commencement.

He continued:

"The eastern front has been lost through the treachery of Germany. They say to establish an eastern front would be a great task, but there is no task that is too great for the United States."

Mr. Taft paid a glowing tribute to the valor of the English and French at the Marne, declaring they had accomplished results believed impossible.

"We have got to whip the Germans," he said, "and we have got to whip them—not only the German military party, but the German people."

"We have more money and more munitions, and we can and will furnish more man power than any other country in the world, for the purpose of ridding the world of this serpent of militarism."

WILL WORK IN FACTORIES.

SPRINGFIELD, Mass., June 11.—Teachers in this vicinity, both women and men, are signing through the chamber of commerce for factory places during the summer vacation as a measure of patriotism. More than thirty registered today.

Berlin Papers Ridicule Germans Here Because Kaiser's Plots Fail

The Germans in the United States are "people without kultur, timid and ridiculed by all," the Lokal Anzeiger declared, according to cables here today.

German papers are devoting much space in attempting to explain why thousands of Americans of German birth or parentage have "deserted the cause of the Fatherland." Immigrants who have come to the United States in recent years are "placed beyond the pale" by Pan-German publications seeking to explain to the public the failure of Germany's plans in this country.

254 DEGREES ARE CONFERRED UPON G. J. GRADUATES

Although the number of its students has been greatly reduced by enlistment in the army and navy Georgetown University this year has conferred degrees upon 254 students. Honorary degrees of doctor of laws go to David L. Walsh, former governor of Massachusetts, and Thomas L. Murray, the noted inventor, of New York.

The degrees were conferred at the 119th annual commencement exercises held yesterday afternoon on the university campus in Georgetown. The speaker was David L. Walsh, who pointed to the great French aviator Guynemer as the special hero of the world war. He urged the graduates to follow Guynemer's example and offer their services to their country.

The Rev. John B. Creighton, S. J., president of the university, presided at the exercises. Degrees for the academic department students were conferred by the Rev. Edmund A. Walsh, S. J.; for the dental students by Dr. Shirley M. Bowles, the dean, and for the medical school by Dr. George M. Kober.

Graduates of the law school were given their degrees by George E. Hamilton, dean of the law department. The twin service flags of the university, bearing 1,325 stars, were hung above the special platform erected on the university campus for the commencement exercises.

OFFICERS' SCHOOL AT MEADE MAY BE MOVED TO LEE

CAMP MEADE, Md., June 11.—The officers' training school will probably be moved from here to Camp Lee, at Petersburg, Va., to make room for many large contingents of men from all parts of the country coming here. The candidates for commissions have been made sergeants in the depot brigade so that any who wish to give up the school course may go right to work in this brigade, which has for its object the training of new men. Whether there will be another course of training will probably be announced before the closing of the course early in September.

Men who enter such schools enlist as privates, but become sergeants as soon as they become candidates. The recent graduates of the school, who were not commissioned at graduation, have since received their commissions. About 400 men were commissioned on the same day about a week ago.

Arrangements are being made for a union communion service for soldiers of all Protestant denominations next Sunday morning at the Y. M. C. A. auditorium. President Wilson has been invited to attend.

The one-pound gun, or more properly, the 37 mm. gun, crew has been named for the 315th Infantry. The gun is able to do many things of importance, and is a handy piece of artillery for direct and indirect firing and for carrying over the top. This is the type of gun that has been effective in sinking submarines as well as stopping tanks, and may be useful on the way over as well as after the regiment gets there.

William F. Cochran, educational secretary of the Y. M. C. A., has arranged for a number of important lectures at "Y" bungalows. Among the lecturers for the week are Miss Suzanne Silvercruy, a daughter of the academic department students, Congressman Clyde Kelly, of Pittsburgh; Webster Ellsworth, of the Century company, whose subject will be "The Hun"; Edward Howard Griggs, Judge J. R. Tiffany, of New York; F. O. Walcott, Congressman Albert Johnson of Washington; and others.

HUDSON TUBE FARES RAISED TO 27 CENTS

The government today increased the westbound fare on the Hudson tubes between New York City and Newark, N. J., from 17 to 27 cents, it was announced at Director General of Railroads McAdoo's office. The action is taken to put the Hudson tube fares on a parity with those of the Pennsylvania tunnels.

Other notables in the audience were the Secretary of Agriculture and Mrs. David Franklin Houston, the Speaker and Mrs. Champ Clark, Congressman and Mrs. John Jacob Rogers, Congressman and Mrs. Horace Mann Towner, Rear Admiral Cary T. A PURE SALAD AND COOKING OIL

CORN PRODUCTS REFINING CO. GEN'L OFFICES NEW YORK, U.S.A.

Economize and live Better!

Cooking with Mazola—the oil from corn—saves money and makes food more appetizing

USE Mazola for deep frying, sautéing, shortening and you will open for yourself a new field of delicious cooking.

With it you can make wonderful pastries, crisp, wholesome and easily digested fried dishes.

Mazola is a pure vegetable oil from an edible source—costs less because it goes farther.

Mazola can be used again and again until every drop is gone as it never carries odor or flavor from one food to another.

More economical than butter, lard, suet—enables you to save these fats—and gives perfect results.

Mazola makes especially good salad dressings too—easier to mix than an olive oil dressing and it gives a distinctive flavor impossible to get with other oils.

For sale in pints, quarts, half gallons and gallons. For greater economy buy the large sizes.

There is a valuable Cook book for Mazola users; It shows you how to fry, sauté, make dressings and sauces more delicious, make light, digestible pastry. Should be in every home. Send for it or ask your grocer. **FREE**

PIE CRUST

2 cups bread flour
1 teaspoon baking powder
1 teaspoon salt
¾ cup Mazola
About ¾ cup ice water

Put the Mazola near the ice till very cold. Mix the dry ingredients together until thoroughly mixed. Turn the Mazola into the dry ingredients and cut back and forth with a knife till well mixed. Add the water gradually. No kneading. The dough should be hard enough to stick to the bowl, but soft enough not to crumble. Toss lightly on to a floured board, and roll very thin.
